Education

Thapar Institute of Engineering & Technology

B.E. in Computer Science & Business Systems

Expected 2027

Patiala, Punjab

DAV Public School, Amritsar

CBSE — 12th Grade (PCM): 94%

2023

Amritsar, Punjab

Experience

Perplexity AI 🔗

Jul 2025 - Nov 2025

VIP Campus Partner

- Drove user acquisition for Comet AI browser via campus activations, engaging **1500+** students.
- Ranked among **top 15 VIP Campus Partners nationwide**, demonstrating adoption growth.

Talkeys 🔗

Nov 2024 – Jul 2025

Product & Operations Head

- Led **4** community events, boosting participation by **60%** through engagement strategies.
- Owned **product roadmap** and feature prioritization for community-driven event platform, conducting **user research** and analyzing **engagement metrics** to drive growth for **1000+** users and inform **product strategy**.

Positions Of Responsibility

Helix (TIET's Technical Fest)

Jan 2025 – Apr 2026

Overall Student Coordinator

- Scaled Helix '26 to **10,000+** registrations, **8,000+** attendees, **850K+** digital reach, **30+** events, **20+** industry partners, and participation from **1200+** students across colleges nationwide.
- Led cross-functional team of **400+** members across design, tech, ops, and marketing to deliver **30+** events.

Enactus Thapar

Sep 2023 – Jul 2025

Marketing & Sponsorship Head

- Worked on **Atrangi**, an eco-conscious initiative transforming textile waste into sustainable products, empowering **100+** female labourers through local artisan engagement and community-driven sales.
- Led 360° marketing and partnerships for flagship event **Aarambh**, boosting reach by **3x** and securing sponsorships.

Projects

SafeSpace – Real-Time Multimodal Stress Detection System 🔗 🐙

Jul 2025

Machine Learning — Signal Processing — Explainable AI

- Built multimodal stress detection system using **late fusion**; achieved **73% accuracy** on **500+** samples.
- Engineered scalable feature pipelines for **8 physiological signals**; trained ML models using **5-fold cross-validation**.
- Secured **3rd place** at **Indian-Israeli Hackathon** for making real-world impact.

Community Livestock Health Management System 🔗 🐙

Jan 2025

MySQL — Prisma — Statistical Analysis

- Digitized livestock health management for **rural farmers** via a **MySQL & Prisma ORM** web app, streamlining vaccination tracking, health monitoring, and veterinary service coordination.
- Built **farmer portal** and **admin dashboard** with **real-time analytics** using local MySQL database setup.

Technical Skills

- **Languages & Concepts:** C, C++, Python, SQL
- **Relevant Coursework:** OOPS, DSA, Software Design, DBMS, Statistical Methods
- **Developer Tools:** Git, GitHub, VS Code, Vercel, Dev C++, Figma, Canva, Notion, MATLAB, OpenProj
- **Soft Skills:** Leadership, Event Management, Result-Driven, Collaborative, Innovative, Strong Communication

Achievements

- **1st place** among 250+ teams in **InnoQuest** national case study competition at **IIT Roorkee's Techfest, 2025**.
- **Top 3 on campus, Top 15 nationally** in **AMEX Campus Product Challenge** among 2,200+ participants.
- **Selected for Amazon ML School'25**, among the **top 1% applicants** nationwide from 300,000+ applications.
